

## Step 1

Mark the position of eyehole and cheekbones.

## Step 2

Cut out half forehead, and the part below cheekbones.

## Step 3

Emphasize the bone structure with Snow White PLA.

## Step 4

Draw the eye holes and two sides of nose with Chili Pepper Red PLA.

## Step 5

Draw the blood vessels with different colors.

## Step 6

Draw muscle tissue and nose soft bone with Clearly Cherry PLA.

## Step 7

Color a thin layer on the mask.

## Step 8

Also, draw some thin strokes inside the nose.

## Step 9

Draw the tear gland at the back.

## Step 10

Fill all the space with Clearly Cherry PLA.

## Step 11

Cover the edge as well.

## Step 12

Done! Wish you a creepy halloween!
