

Flexy Flat Shoes

Step 1:

Get shoe soles that fit and cover it up with tape (masking tape works better).

Step 2:

Doodle the top part of the shoe sole to maintain [ask

Step 3:

Measure with your feet and tape up fittingly. Stuff tissue in it so that the round shape is maintained.

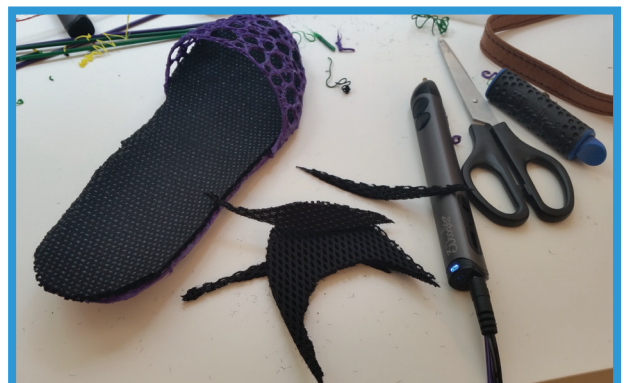

Step 4:

Decorate accordingly,

Step 5:

Get a soft / cushion sole that is bigger than your feet size.

Step 6:

Measure, cut and fix to the shoe by doodling on the edges.

Final:

Decorate according to taste, and there you have your own doodled shoe! Now go make another one!
