

Step 1:

Doodle the main frame of the top and fill in with a repetitive pattern.

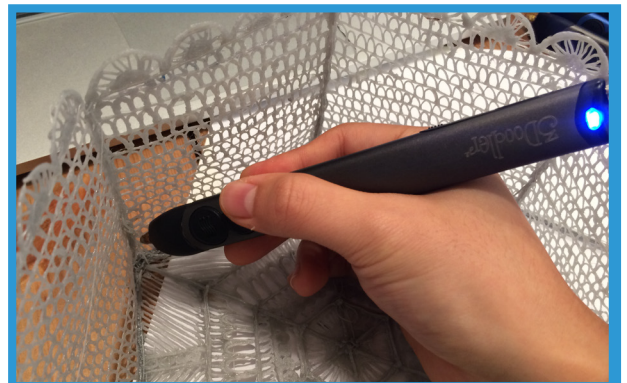

Step 2:

Attach the walls of the cover by doodle the sides together.

Step 3:

Use PLA or ABS to create a stable frame on the interior of the cover.

Step 4:

Doodle the walls together.

Step 5:

Make sure to doodle the exterior edges as well.

Step 6:

To make the handle, roll up some string.

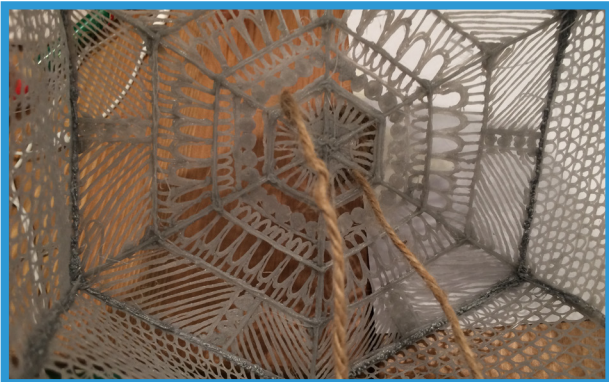

Step 7:

With the two ends of the string, tie a knot together to hold the roll of string together.

Step 8:

Thread the two ends of the string through the cover.

Step 9:

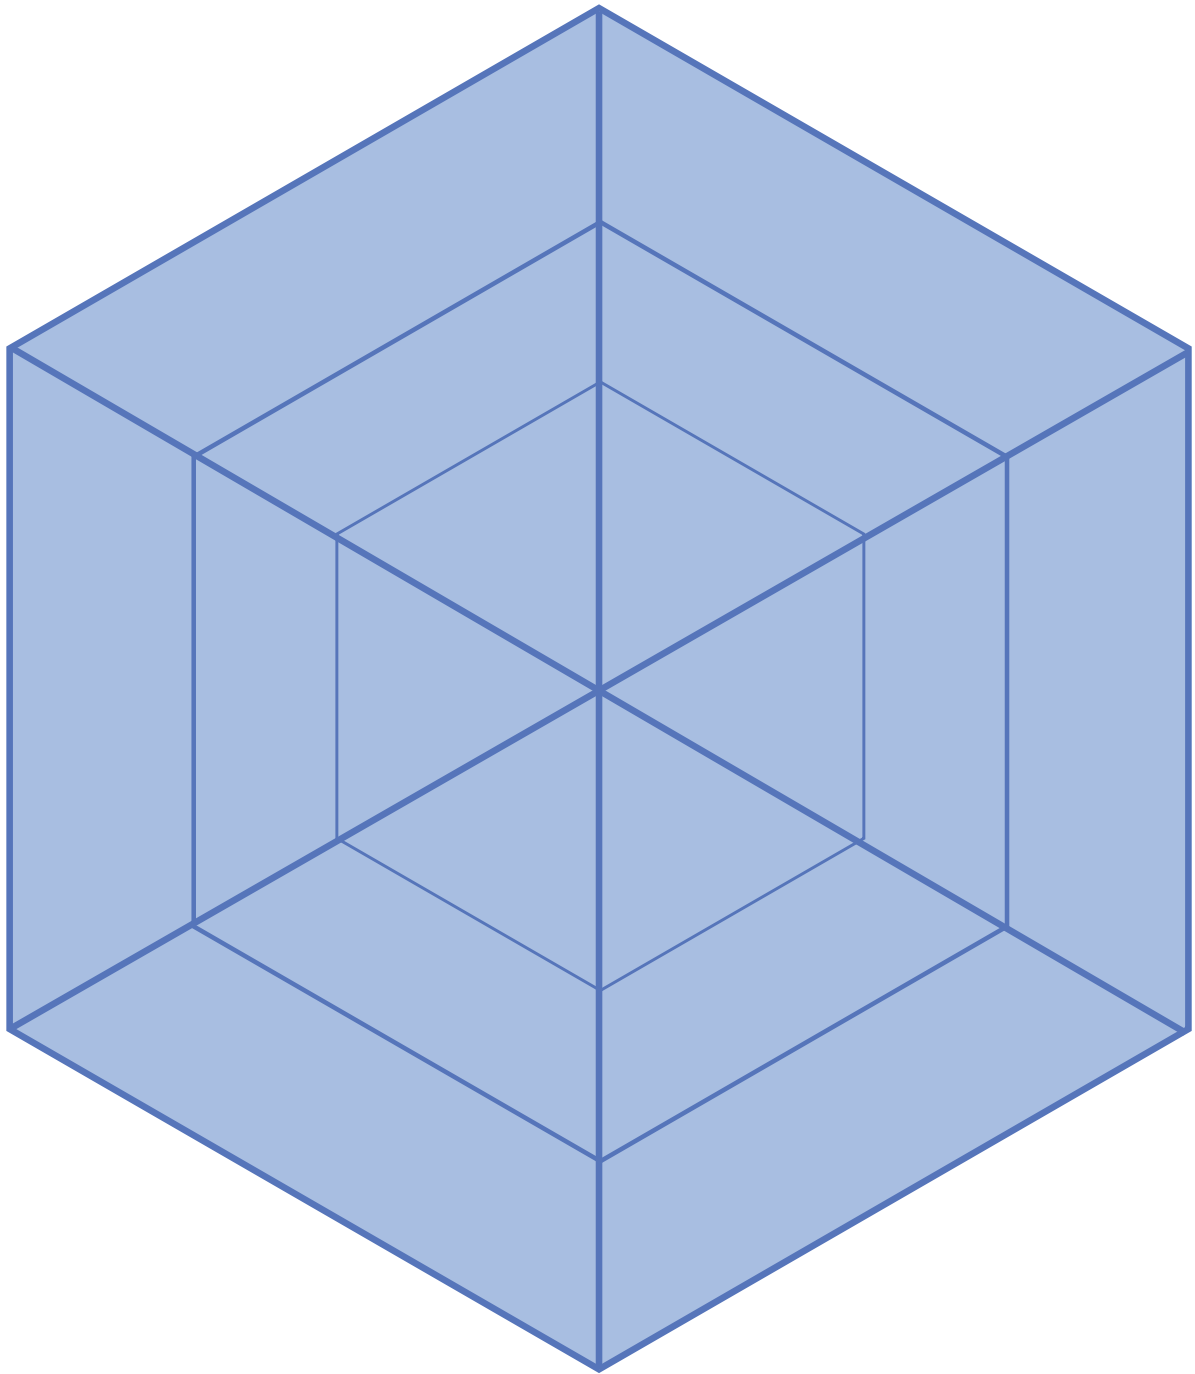

Here is how it looks from the inside.

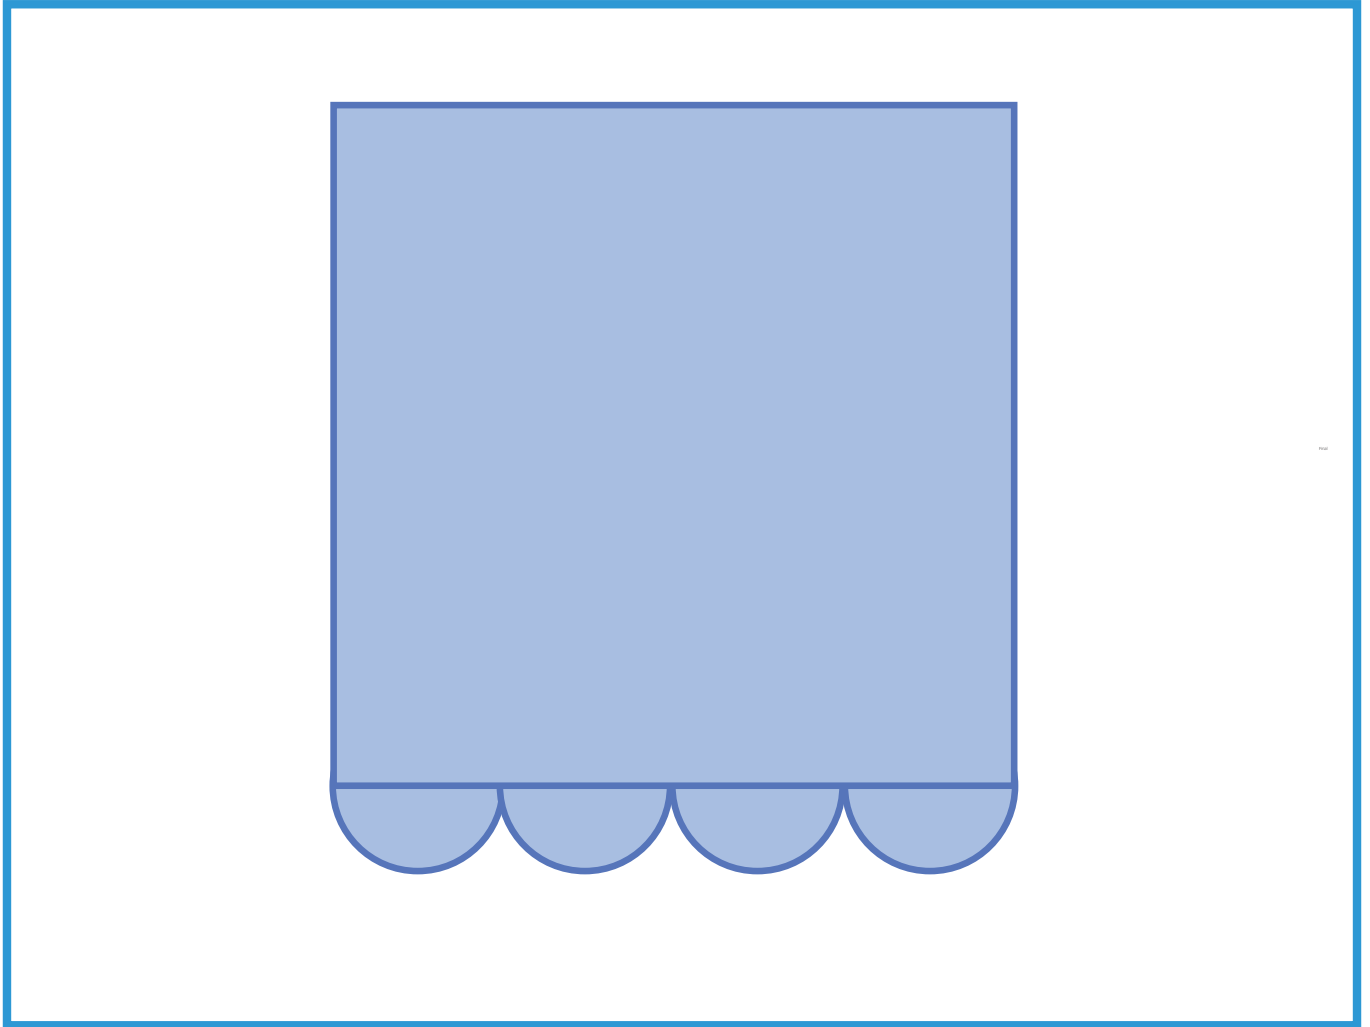

Step 10:

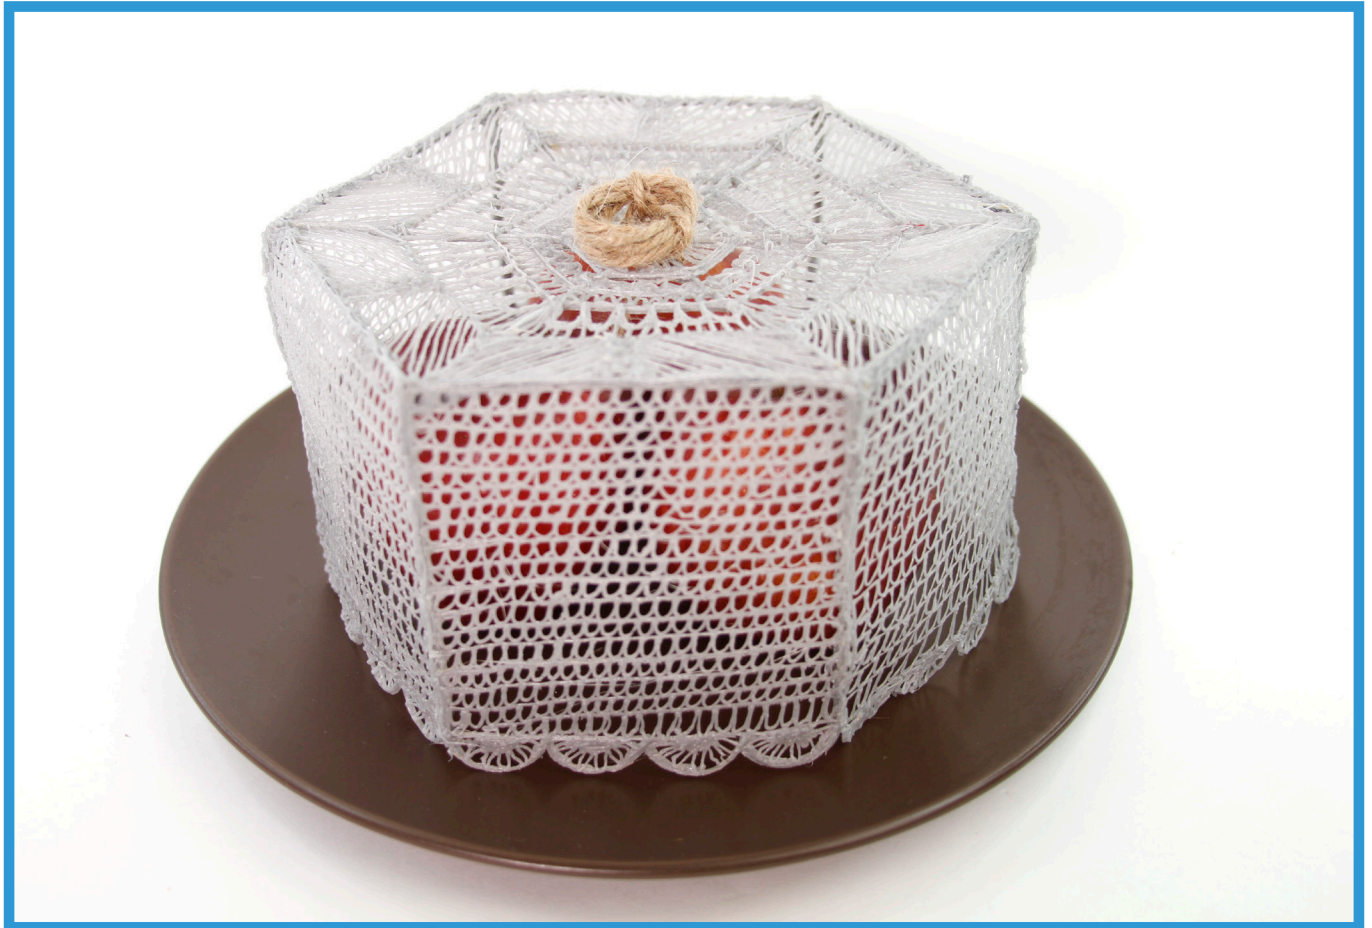

Tie the strings together into a dead knot.
