

Final

Step 1:

Doodling 4 half spheres for both sides of the mini bag.

Step 2:

Doodle the sticks one by one as the construction of the mini bag.

Step 3:

Stick the half shpere and sticks together.

Step 4:

Stick the sticks separately in order to structure the shape of mini bag.

Step 5:

Outline 2 half sphere and across with the stricks in order to make it stable.

Step 6:

Using the paper tab to cover the surface of the mini bag.

Step 7:

Measure the size of fabric that is able to suit the mini bag inside.

Step 8:

Doodle the edge of the mini bag in order to stick between the plastic and fabric.

Step 9:

Doodle on the cover of the mini bag.

Step 10:

Doing the same way for another half-cylinder.

Step 11:

Start to doodle the buckles and remember to left some space for the magnets.

Step 12:

Insert the magnets in the space inside the buckles.

Step 13:

Stick the buckles on the edge of the mini bag.

Step 14:

Measure the circumference of the plastic.

Step 15:

Doodler the hinge look like a cylinder.

Step 16:

Stick the hinges on the edge of the mini bag and insert one plastic strand inside.

Step 17:

Doodle 2 little balls.

Step 18:

Stick at the start and end of the plastic strand in order it will not fall off.

Step 19:

Doodle the crimps on both sides of the mini bag in order to tie with the rope.

Step 20:

You can doodle the rope by flexy plastic or buy a real rope to tie with the mini bag.
