

## Final

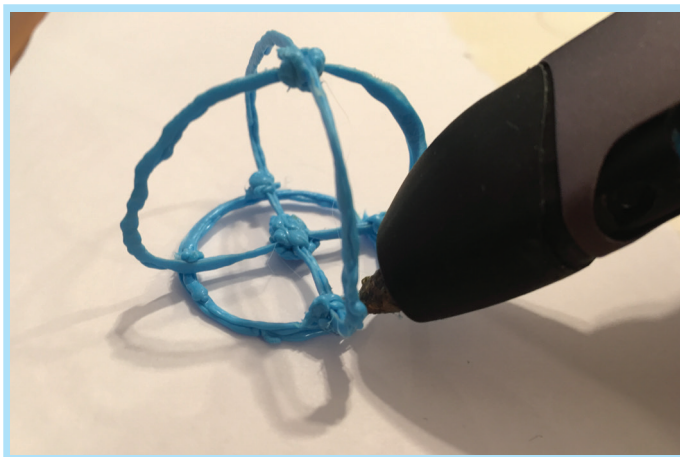

Using this stencil you can create your very own jellyfish with our Cool Coral ABS mixed pack. Fill in all the pieces and then put them together piece by piece.

## Step 1

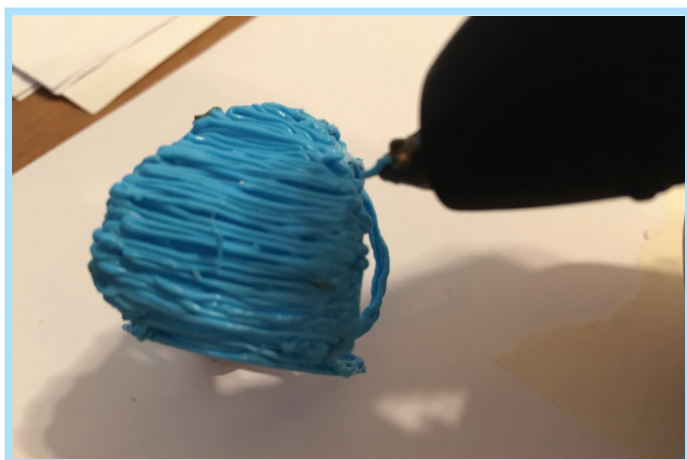

Print out the stencil and trace the pieces.  
\*Note there are only certain parts that needs to be filled in.

## Step 2

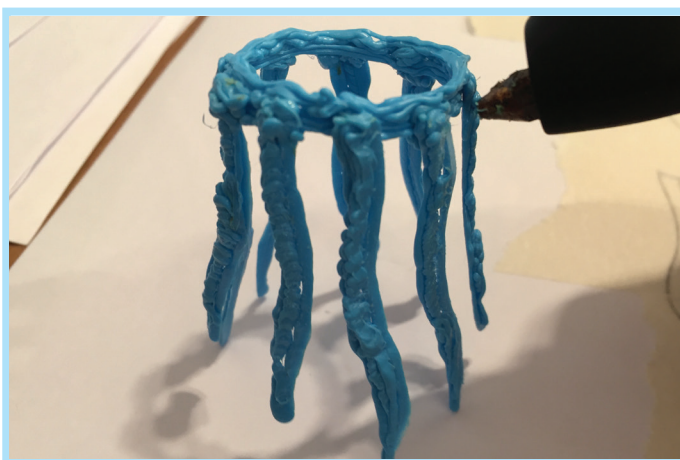

Attach "Head 1" and "Head 2" together, and then attach "Body 1" at the bottom.

## Step 3

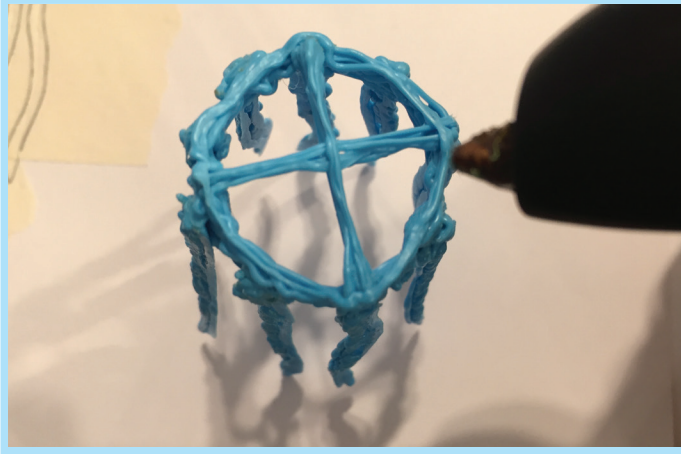

Fill up the head by free hand doodling on it.

## Step 4

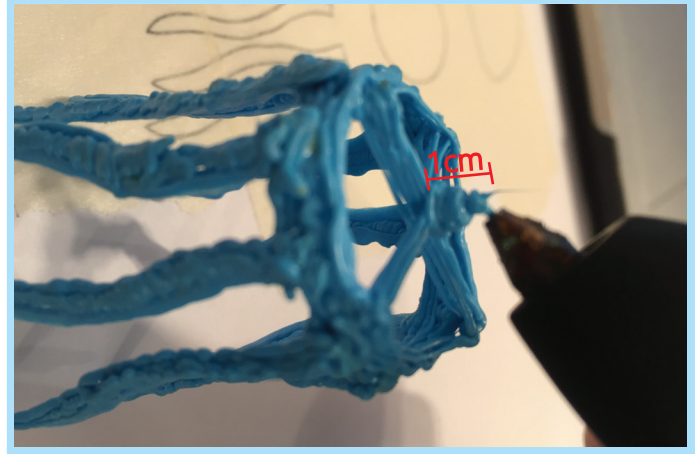

Attach the "Legs" on "Body 2".

## Step 5

Free Hand doodle a cross shape on the circle.

## Step 6

After making the cross shape, free hand doodle a small bump that is at least 1 cm long.

## Step 7

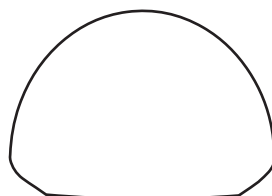

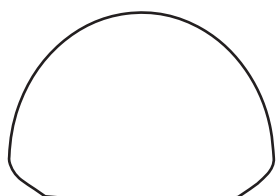

Attach "Body 2" to "Body 1".

## Done!

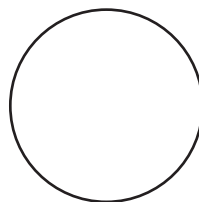

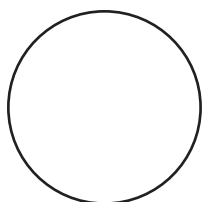

After attaching the body, you are done!  
A few more of these and you can have your own jellyfish family.
