Step 1

Draw a template for the bat’s wing and body

Step 2

Follow the template shape, draw two wings and fill in the gaps

Step 3

Outline two separate semi-circles

Step 4

Fill it in!

Step 5

Attach the two semi-circles together in a “V” shape so it looks like a potato chip. This will serve as the body.

Step 6

Attach the wings to the sides of the body
