Starting with an upside down glass, Doodle a circular base for your Basket.

Build up the walls of the Basket by continuing to Doodle around the perimeter of the circle.

Create a bridge with a piece of masking tape to help you Doodle the Basket Handle.

Doodle multiple half-inch sticks to create “Grass” to line the Basket with.

Draw and trace a Ribbon shape with the 3Doodler to decorate your Basket.

Draw and trace an egg shape twice, then fuse them both together to create the Easter Egg frame.

Easter Egg Basket

Step 7
Doodle between each section of the Egg frame until it is complete.

Step 8
Continue Doodling more Eggs to fill your Basket.

Step 9
Use a different colour for each Egg!

Step 10
All finished.

Step 11
Decorate each Egg with a secondary colour.

Step 12
Use this Zig Zag pattern or be creative and make your own.
