

Step 1

Measure the size of your head, and draw the frame of the headband on a piece of paper.

Step 2

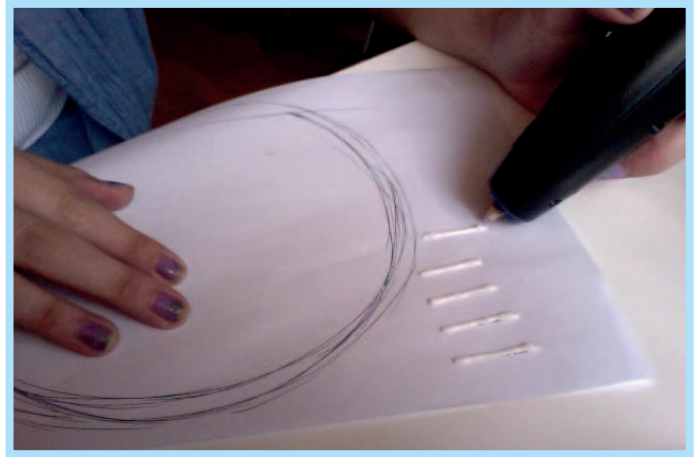

Start by doodling by following the curve you've drawn in the previous step.

Step 3

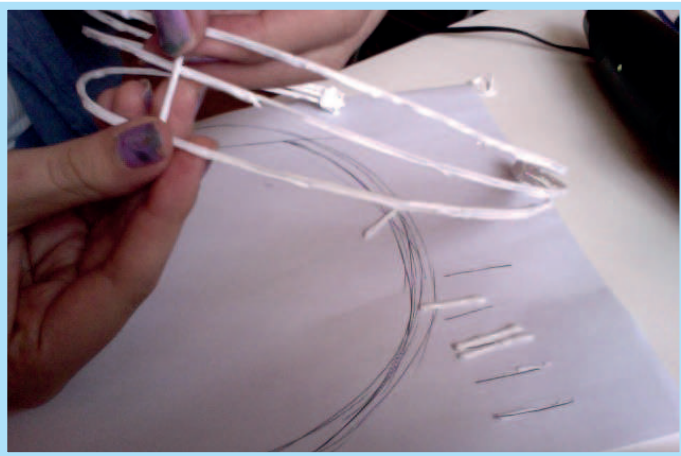

Produce 3 - 5 additional curves and then combine them near the ends.

Step 4

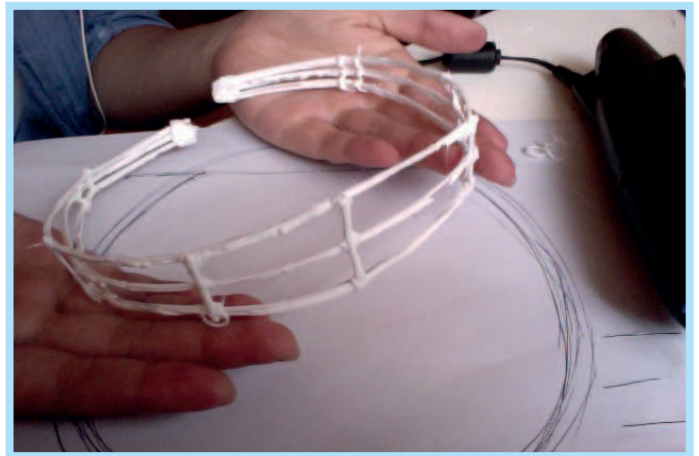

Doodle a few straight lines to help with the structure of the headband.

Step 5

Stretch the curves apart and stick the lines across them to strengthen the headband.

Step 6

Ensure all the lines are spread evenly apart.

Headband with leaves

Step 7

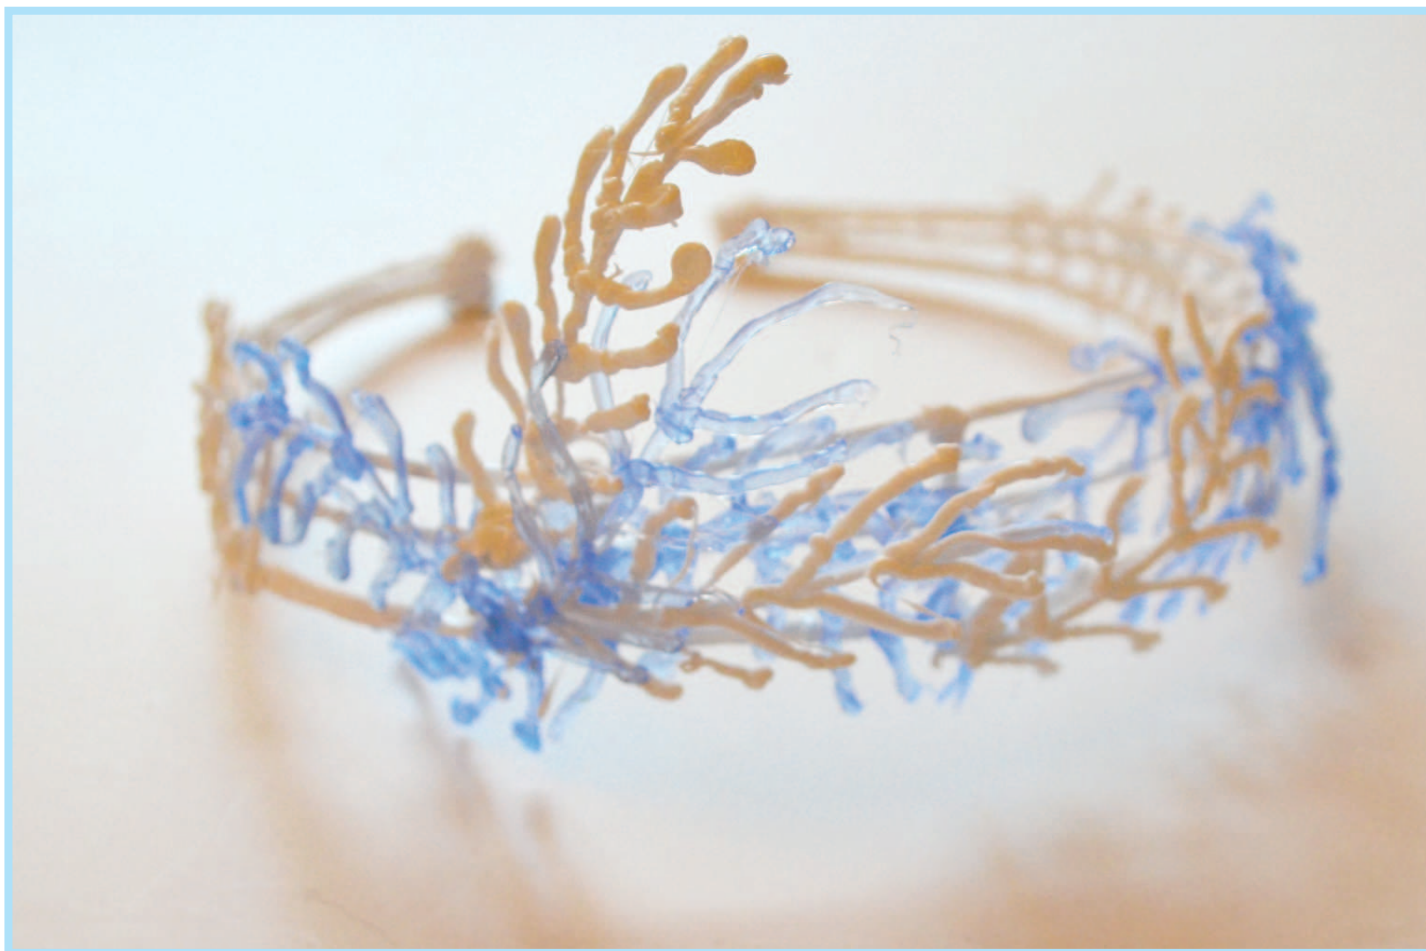

Create leaves by doodling over a bowl with tape, so that your leaves are not flat.

Step 8

Use your 3doodler to stick the leaves on to the headband.
