## Step 1

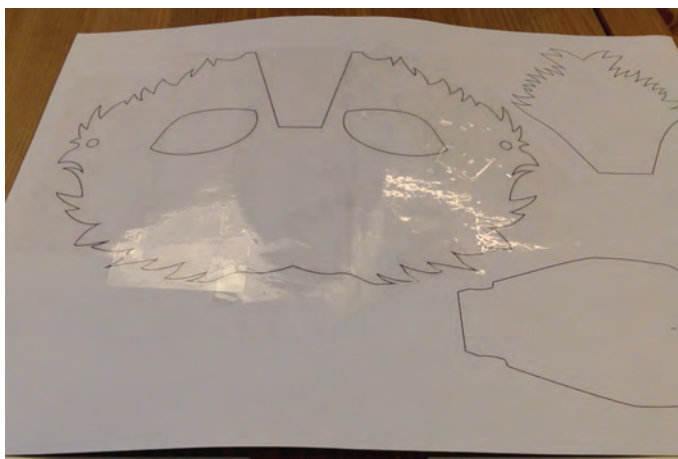

Let's start with F1 the lowest layer first. Stick the plastic tape on your printed template.

## Step 2

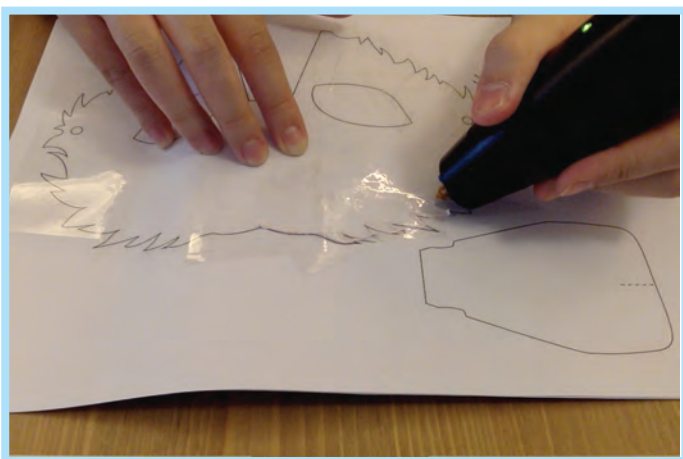

place a curved object underneath the mask to avoid making the mask flat

## Step 3

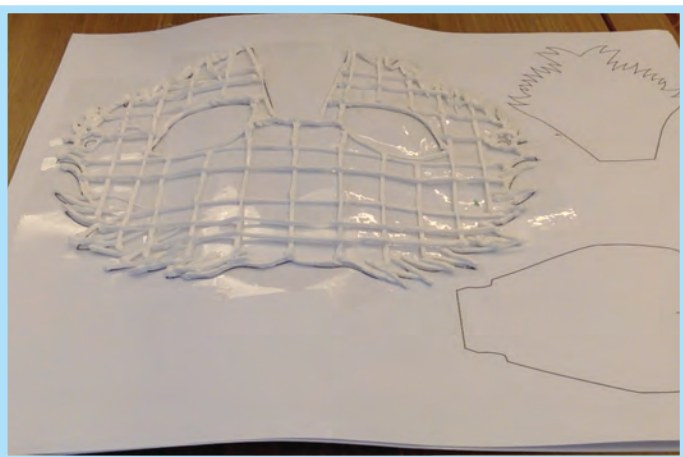

Adjust the mask so it will fit your face

## Step 4

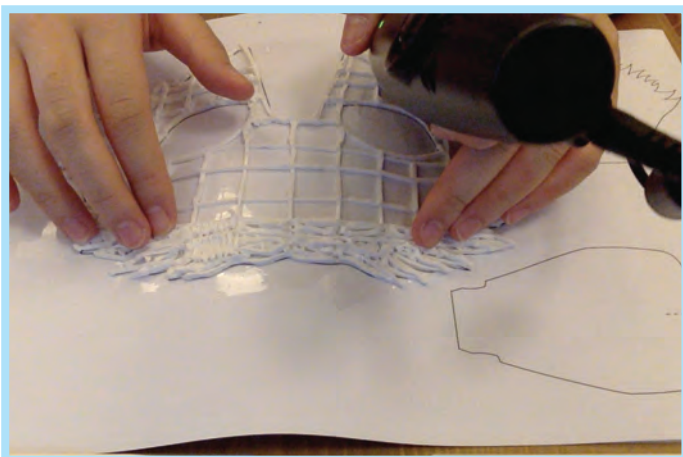

Start by doodling around the edges of the mask

## Step 5

Draw checked pattern as foundation.

## Step 6

Doodle all exposed areas, as the rest of the mask will be covered by additional doodled areas
